IMPROVING OUTCOMES. IMPROVING LIVES.

JACOBSLADDER 2

Ultimate Fitness Experience

Get the same workout and same reliability as Jacobs Ladder, yet designed for the home or small commercial environment at a lower price. We took Jacobs Ladder and made 4 changes:

1. Width: Jacobs Ladder 2 is 27.25" wide to fit inside most interior doors in a home.
2. Rung Design: Jacobs Ladder 2 features a steel rung with polyurethane sleeve.
3. Power: Jacobs Ladder 2 needs to be plugged in (110V) to get the display to work.
4. Warranty: Jacobs Ladder 2 carries a 2 Year Parts Warranty.

Jacobs Ladder 2 offers the option to exercise both your arms and legs so you get a superb cardiovascular workout, burning more calories in a relatively short amount of time.

The machine provides digital feedback on elapsed time, how many feet were climbed, rate of speed, and calorie burn.

The Ladder's 40° angle offers natural climbing motion, which takes stress off the lower back, hips and knees.
