Thank you for purchasing the Shiatsu Leg Massager. Please read this manual carefully to ensure optimum performance and safety. SAVE THESE INSTRUCTIONS

INSTRUCTION MANUAL
Foot & Calf Massager
THE FIRST STEP TO A HEALTHY LIFE

Thank you for purchasing U.S. Jaclean’s Shiatsu Leg Massager. Please read these instructions carefully before operating this machine. Please keep this instruction manual in a safe place, along with the warranty card, purchase receipt, and carton for future reference.

Note: Due to constant upgrades, you may find slight differences between the design and functions stated in this manual and those on the actual U.S. Jaclean device.

SAFETY PRECAUTIONS

The safety precautions enclosed herein reduce the risk of fire, electric shock and injury when correctly adhered to.

1. Usage Environment
   • Do not use the unit in an excessively humid environment, such as in the bathroom.
   • Do not operate the appliance outdoors.
   • The unit is intended for household use only. Do not use this appliance in any other manner.
   • Do not operate the unit near areas exposed to liquids.
   • This unit is not for use in vehicles.

2. User Suitability
   • Close supervision is necessary when this appliance is used by, on, or near children, invalids, or disabled persons.
   • This unit should not be used by children. Keep children away from unit.
   • Never use this unit on swollen or inflamed areas of the body, nor on skin eruptions.
   • Never use this unit on any individual suffering from any physical ailment that would limit his or her capacity to operate controls, nor from sensory deficiencies in the lower half of his or her body.
   • If you have any concerns regarding your health, consult your doctor before using the appliance.
   • Persons having the following health conditions must consult their doctor before use:
     • Cancer
     • Pregnant women and all women during menstruation
     • Anyone under doctor’s orders for medical rest
     • Malignant tumor(s)
     • Those with previously treated injuries or severe eczema
     • An implant, such as a pacemaker
     • A high fever
     • Osteoporosis
     • Heart problems
3. **Safety Precautions During Use**

- Before turning on the massager, ensure that the electrical voltage and frequency of the circuit correspond to those indicated on the adaptor.
- Improper installation may result in the risk of fire, electric shock, and/or injury to persons.
- Do not use this massager for any purpose other than massage. Doing so may result in accident or injury.
- Do not use your massager if it, its cord, or its controller has been damaged, or if it is not working properly.
- Do not use this massager if the fabric cover is torn, or if various machine components are missing.
- Please keep the massager out of the reach of children. Do not allow them, or any other persons incapable of handling equipment, to operate the massager.
- Do not stand or sit on the massager.
- Do not insert metallic objects or flammable material into the main body of the massager. Doing so may result in electrocution, short-circuit, and possible fire.
- Never operate this product with wet hands, submerge it under water, or spill liquids onto the product.
- Do not exert excessive pressure while using this massager.
- Do not cover the massager during operation. Doing so may result in a rise in motor temperature, and its subsequent breakdown or fire.
- Do not unplug or switch off the machine during operation. Doing so may result in injury.
- When the appliance is not in use, switch it off and unplug it.
- Never leave an appliance unattended while in use.
- We do not recommend using this product for more than 15 minutes at a time.
- Extensive use could lead to excessive heating and a shorter product life span. Should this occur, discontinue use and allow the unit to cool before restarting operation.
- Do not sleep while using the massager.
- This product is a non-professional appliance designed to provide a soothing massage to the muscles.
- Do not use this product as a substitute for medical attention.

3. **Usage Conditions To Avoid**

In the following situations, please switch off the power immediately and disconnect the AC power cord from the electrical outlet. Contact the Customer Service Center for help.

- Water is accidentally spilled on the massager. This may result in electrical shock.
- Severe pain is experienced during the massage. Stop operation immediately, and consult your doctor.
- You detect malfunction or any other abnormal condition during operation.
- There is a power failure. Injury may occur if the power is unexpectedly restored.
- When lightning strikes.
SAFETY PRECAUTIONS

5. Assembling & Repairing
   The massager must only be serviced or repaired by the U.S. Jaclean Inc. Service Center.
   • The unit has no user-serviceable parts contained within. DO NOT attempt to repair, disassemble, or modify the appliance.
   • The manufacturer is not responsible for any eventual damages caused by improper or faulty use.

6. The Power Plug & Cord
   • If the supply cord is damaged, it must be replaced by the manufacturer, its service agent, or a similarly qualified person in order to avoid a hazard.
   • Check to see that the voltage corresponds with the specification indicated for the massager (Alternative Current only).
   • Do not disconnect the AC plug from the electrical outlet with excessive force.
   • Do not connect or disconnect the AC plug from the electrical outlet with wet hands. Doing so may result in electric shock or in a malfunction of the machine.
   • When disconnecting the power from the electrical outlet, pull the cord out by the plug, and not by the cord itself.
   • Although the auto-timer will automatically stop the movements of the machine, do not neglect to turn off the Main Switch after operation.
   • Do not crush the power cord under the massager or any other heavy object.
   • Do not wind the power cord around the massager. Doing so may damage the cord and result in fire or electrical shock.
   • Do not operate the massager if its power cord is damaged. Do not tamper with the power cord.
   • Do not attempt to operate the massager if its plug does not fit snugly into the electrical outlet.

PRODUCT CARE & STORAGE

• The adaptor must be removed from power socket before cleaning, servicing, conducting maintenance, or moving the appliance.
• Do not use benzene, thinner, or any other abrasive solvent on your massager.
• Use a dry cloth when cleaning the massager.
• Detach and wash the fabric cloth covers in order to maintain good hygiene.
• The mechanism of this massager has been especially designed and constructed to be maintenance-free. No periodical lubrication or servicing is required.
• When you do not plan to use the machine for an extended period of time, we advise that you coil the AC power cord and store the entire unit in a dust- and moisture-free environment.
• Do not store the massager near intense heat or an open flame.
• Do not leave the massager under direct sunlight for a long period of time.
• Do not immerse the unit into any liquid for cleaning.
1. Main Casing
2. Kneading discs (concealed under fabric)
3. Detachable fabric cover (with zipper)
4. Handle
5. Power switch (behind the unit)
6. Vibration board (with pressure nodes concealed under fabric)
7. Height Adjustment Bar
8. AC cord
9. AC plug
10. Control Panel
11. ON/OFF button
12. Vibration Button
13. LED lamps
14. Knead & Roller Button
15. Power lamp
FEATURES

1. The Shiatsu Leg Massager is an entirely new massager specifically designed to target your feet, ankles, and calves, all at the same time.

2. Four kneading discs in a single massager. These flexible discs create a professional massage experience. Strong kneading action penetrates deeply into the muscles of your feet, ankles, and calves.

3. The reflexology rollers massage the arch, heel and ball of your foot.

4. A vibration board effectively massages muscles in the soles of your feet.

5. Pressure nodes located under your feet stimulate reflex points on their soles.

6. Three kneading massage programs and three vibration modes. Mix and match according to your personal preference.

7. The synergetic combination of kneading and vibrating actions generates a most relaxing and revitalizing massage experience, while it activates the principles of reflexology to produce beautifying benefits.

8. Strategically placed buttons on the switch panel allow easy control of massage functions.

9. The auto shut-off feature activates after the massager has been in use for 15 minutes.

HEALTH BENEFITS

1. The kneading and vibrating actions penetrate deep into the different layers of muscles in your feet, ankles, and calves, leaving you relaxed and rejuvenated.

2. Kneading and vibrating massages target vital reflex points on the feet and soles to generate beneficial reflexology effects.

3. Stimulates blood circulation and warms up the muscles.

4. Relieves tension and reduces stress.

5. Effectively relieves sore and tired feet.

6. Helps tone, shape, and beautify your legs.

7. Using the Shiatsu Leg Massager after exercise helps reduce the buildup of lactic acid within muscles, preventing soreness and easing recovery from tension and fatigue.
OPERATION

1. Connect the AC plug into the electrical outlet.
2. If you prefer, you can choose to pull out the height adjustment bar for your comfort. See illustration below.
3. Insert your feet into the fabric-covered slots.
4. Turn on the power switch located behind the unit. The power lamp will be illuminated.

To activate the kneading discs & reflexology rollers:
1. Place your feet and calves into the fabric-covered slots.
2. Press the knead button for the default mode I (rhythmic squeeze 1).
3. Press the knead button again for mode II (rhythmic squeeze 2).
4. Press the knead button a third time for mode III (continuous rhythmic squeeze).
5. A fourth press of the knead button will stop the kneading process. You can also press the stop button on the control panel anytime to terminate the kneading massage.

To activate the vibration board only:
1. Place your feet and calves into the fabric-covered slots.
2. Press the vibrate button. The default mode will be “auto” (rhythmic vibration).
3. Press the vibrate button again. The mode will switch to “Hi.”
4. Press the vibrate button a third time. The mode will switch to “Lo.”
5. Pressing the vibrate button a fourth time, or the stop button on the switch panel anytime, to terminate the vibration massage.

It is possible to experience both the kneading and vibration massages at the same time pressing the knead button, followed by the vibration button, or vice versa.

**USJ 559A SHIATSU LEG MASSAGER**

**Consumer Limited Warranty**

This warranty guarantees that the product purchased is to be free from defects in material and workmanship under normal usage and local voltage for a period of one year. This warranty expires in TWO (2) years on parts, and ONE (1) year on labor after the date of purchase.

---

**One-Year Warranty**

U.S. Jaclean Inc. (referred to as “the Warrantor”) will repair this product with new or rebuilt parts in case of defects in material or workmanship, free of charge, in the USA provided that:

1) The product is operated in accordance with the printed instructions supplied.
2) The product is used under normal conditions for which designed.
3) The product is not subjected to misuse, negligence, or accident.
4) The product receives proper care, protection, and maintenance.

This warranty is extended to the original end use purchaser from an authorized U.S. Jaclean distributor. A purchase receipt or other proof of date of the original purchase is required for service and parts replacement under this warranty. This warranty does not cover shipping charges for defected items 30 days after the date of purchase.

This warranty only covers failures due to defects in materials and workmanship and does not cover normal wear or cosmetic damages. The warranty does not cover damages which occur in shipment, or failures which result from accident, misuse (including, without limitation, failure to comply with instructions and use limitations contained in the Operating Instructions), abuse, neglect, mishandling, faulty installation, set-up adjustments, improper operation or maintenance, alteration, modification, power line surge, lightning, improper line voltage, commercial use such as hotel, office, restaurant, or other business or rental use of product, or service by anyone other than from U.S. Jaclean Inc., or damage that is attributable to "acts of God."

Continued use of this product after discovering a defect voids warranty. This warranty shall be governed by the state of California, United States of America.

**IMPORTANT:** Do NOT return merchandise to the store. Contact U.S. Jaclean, Inc. for repair services.

---

Please retain this Warranty Certificate, together with the original purchase receipt, and present it to our technician for inspection during service.

For assistance and more information, please contact U.S. Jaclean Inc.
