UL Environment is committed to maintaining the high value of the ECOLOGO mark and protecting the reputation of your products, brand, and company. We ask that you please notify your UL Environment Client Service Coordinator as soon as possible of any changes made to formulations, bill of materials, manufacturing locations, or of any changes that may affect the compliance of your products.

Compliance Audit Schedule

ECOLOGO conducts facility re-audits every three years for non-ISO 9001 certified facilities, and every four years for ISO 9001 certified facilities, provided there have been no major changes that would affect the audit results within the three year period. Major changes include, but are not limited to, manufacturing process changes or relocation of manufacturing facility, etc. UL Environment reserves the right to request more frequent re-auditing at an additional cost if it is deemed necessary; however, these decisions will be made on a case-by-case basis and only after careful consideration. If there are multiple manufacturing facilities, at request, UL Environment can adjust the schedule prevent all audits from occurring in the same year.

Facility Name and Address	Last On-Site Audit Date	Next On-Site Audit Date
Georgia Pacific Professional – Green Bay 1919 South Broadway Green Bay, WI 54304	June 2015	December 2019

West Mason Inc. (Green Bay Operations) 1100 W. Mason St. Green Bay, WI 54303	June 2015	December 2019
Green Bay Converting, Inc. 600 Packerland Drive Green Bay, WI 54303	June 2018	June 2022

Marketing Support

Materials Review: Our UL Environment marketing team is dedicated to supporting your mark integration by reviewing and approving any and all use of the mark or certification messaging. As stated in the brand guidelines, materials may be submitted directly to your marketing manager, or to ULEmarketing@ul.com. Please allow 3-5 business days for review.

Marketing Your Certification: To enhance the value of your certification, UL Environment can provide additional marketing support including social media content, case study development and media/editorial content development. Additional marketing support provided will be based on the joint goals of UL Environment and **Georgia-Pacific Consumer Products LP**, alignment of the needs with the brand messaging requirements, and the available capacity of the UL Environment marketing team. For additional information or to discuss other marketing activities please contact ULEmarketing@ul.com.

The ECOLOGO® Program looks forward to **Georgia Pacific Consumer Products LP's** participation in the Program as a licensee. Please do not hesitate to contact your Client Service Coordinator or myself if we can be of further assistance.

Sincerely,

Kelly O'Donnell
Environmental Project Manager
