

GATEWAY™ 3G

Solid Surface Portable Ramp

Designed for safety and engineered for reliability, the GATEWAY 3G, a solid surface portable wheelchair ramp, is a smart alternative to costly wooden ramps. When mobility needs extend beyond the scope of a conventional portable ramp, this durable ramp is your answer. Available with or without handrails.

The GATEWAY 3G Advantage

- A safe ramp solution designed to provide home access. Available with or without handrails.
- Can be used for semi-permanent applications and can easily be moved or relocated as needs change.
- With lengths up to 10', the GATEWAY 3G can accommodate a series of entryway steps.
- Features a formed top transition for secure placement, and an adjustable bottom transition that allows smooth ramp-to-ground conversion.
- Designed for the rigors of repeated, everyday use in all outdoor weather conditions but can also be used indoors.
- Durable construction for years of maintenance-free use. Will not rust, rot, or deteriorate.
- The solid, seam-free surface features permanent (extruded) tread for slip-resistance and superb traction.
- Raised side rails, also known as curbs, help to prevent mobility devices from driving off the edge of the ramp.
- Made of lightweight, heavy-duty aluminum and features a 1,000 lb. weight capacity.
- Available in 3-, 4-, 5-, 6-, 7-, 8-, 9-, & 10-foot lengths with a standard width of 36 inches.

Safety is our top priority, and we are committed to making the process of choosing the best ramp solution as worry-free as possible. With EZ-ACCESS, you can be confident that your accessibility needs will be resolved safely and quickly.

Ramp Only

- A great option for users who don't require handrail assistance when making their way up or down the ramp.
- The 1-piece design means no assembly or movable parts; just secure the ramp in the desired position, and it's ready to be used!

Ramp with Two-line Handrails and Loops

- Two-line handrails with loops offer increased safety and user stability.
- Features smooth, continuous top rails - which are welded for extra strength and durability - and a lower second rail offers an additional gripping surface.
- Assembly is quick and easy, requiring only minimal tools to attach the handrail posts and loops.

Ramp with Vertical Pickets and Loops

- Smooth, continuous top rails with vertical pickets and loops offer an added level of safety, especially for children and pets. Pickets meet the 4-inch sphere rule for spacing.
- Picketed insert sections are pre-assembled for quick and secure installation.
- Assembly is quick and easy, requiring only minimal tools to attach the handrail posts and loops.

All GATEWAY™ 3G Solid Surface Portable Ramps are covered under the EZ-ACCESS lifetime warranty and are proudly made in the USA.
