PRODUCT CATALOG

HELPING WOMEN
LOOK & FEEL
BEAUTIFUL AGAIN
AFTER BREAST
SURGERY

NEARLY ME® Products have been on the market for over 35 years and remain one of the leading brands in the United States and around the world. Made with unique, exclusive U.S. materials and manufactured in the U.S.A., we are proud of our heritage of innovation and product improvement. Every year we continue to add new breast forms and bra styles to meet the changing and challenging needs of today's mastectomees.

The NEARLY ME® brand began with Ruth Handler in 1976. She was the co-founder of Mattel Corporation, creator of the BARBIE® Doll and a double mastectomee. She created the brand to help women, just like herself, feel and look beautiful again after breast surgery. Nearly Me Technologies continues her legacy and philosophy with every new product that we bring to market.

Our forms are manufactured with our custom formulated silicone and still personally made by hand on a daily basis.

We have one of the most rigid Quality Assurance programs in the industry and all of our breast forms are 100% inspected before they leave our facility.

We maintain a constant inventory of our most popular products and are able to ship within 48 hours. Plus our sales department has over 60 years combined sales experience to help determine the best NEARLY ME® product mix for you and your customers.

Our Mission at Nearly Me Technologies has and always will be...

*To provide our customers with
the finest quality products,
unparalleled service and
dedicated support now and
in the future.*

Ruth Handler, creator of the BARBIE® Doll, former CEO of Mattel Corporation, double mastectomee and originator of the NEARLY ME® Brand.

NEARLY ME TECHNOLOGIES has created a full line of quality mastectomy products designed to feel natural and fit beautifully on today's mastectomees. With new treatment options developing every year, more and more women are living long, productive lives after breast surgery. These amazing women are looking for quality products they can rely on now and for years to come. NEARLY ME® has been and will continue to be those products.

 7% spandex

Sizes: small through 3X

Colors: White, black and pink

NEARLY Me CASUAL®

Non-weighted and
Weighted Foam
Breast Forms

Main Features

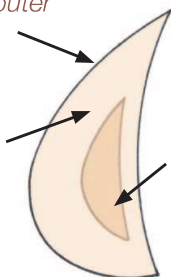

Soft molded polyurethane foam covered with a permanent polyester fabric cover. Comes in three basic styles, each in weighted and nonweighted versions. The slightly weighted versions have a soft silicone gel inner core.

Main Benefits

Premolded lightweight foam retains shape after hours of wear and washing. Polyester fabric cover doesn't snag or "pill" and helps wick away moisture to keep delicate skin cool and dry. Weighted version has inner silicone core to maintain softer feel than many other weighted foam forms. Silicone core also is undetectable through airport security.

*durable polyester outer
cover on all forms*

*Soft premolded
polyurethane foam
holds shape even
after multiple
washings*

*Weighted forms have a
soft silicone gel core*

410 Classic

NEARLY ME® Mastectomy Bras...a wide array of styles & colors

Main Features & Benefits

NEARLY ME® Mastectomy Bras have been designed to be attractive and fashionable as well as comfortable and supportive.

Our wide range of styles as well as a our variety of beautiful colors, fabrics and sizes offer more options for today's mastectomees than ever before. We have seamless styles for those women who like the rounded look under t-shirts as well as specialty bras that meet specific needs of each mastectomee. NEARLY ME® offers styles that begin at 32A and go up to size 52DDD.

Whatever your customer requires, NEARLY ME® Mastectomy Bras will offer a beautiful fit with any prosthesis and all bras have been designed with the following attributes:

- Wide underarm panels for greater support around the rib cage and across the back.

- Built in cotton/poly pockets in each cup to offer additional security for your customer when wearing with their choice of breast form. Each pocket allows breathable comfort to tender sensitive skin.

- Wider firm elastic or non elastic straps to help reduce "cup bounce" which can irritate tender skin, cause friction which can increase body temperature in that area. Cup bounce can also cause the prosthesis to move against the chest wall and feel uncomfortable.

- A variety of bras in beautiful colors, with and without lace, front and back closure options, smooth and seamed cup styles will appeal to any customer.

NEARLY ME® Mastectomy Bras offer beauty with fit for a natural and feminine look.

NEARLY ME® 530 Soft Seamless Cup Bra

- Full coverage for the average to fuller firm natural breasts in a soft seamless bra
- Comfortable breathable microfiber fabric offers a soft rounded look

EXTENDED WEAR PRODUCTS

PARTIAL & FULL BREAST PROSTHESES

Karen Wilson is a 50 year old survivor who has been battling breast cancer for 22 years. She works for Nearly Me Technologies as a National Trainer and is a Certified Mastectomy Fitter. She was born and raised in Oklahoma but considers herself a "true Texan" and loves country western dancing. She enjoys gardening, snow skiing, jet skiing and many other outdoor activities. She volunteers for

the American Cancer Society and one of her mottos for life is "You never know how STRONG you are until being STRONG is the only choice you have".

Gladys is a 38 year breast cancer survivor. She was born and raised in Minnesota where she studied nursing. She married in 1956 and settled with her family in central Texas in 1970. In 1976 she attended an American Cancer Society meeting which featured a breast self-examination video. When she examined herself that night, she found a lump. She then had her first mastectomy and had her second in 2011. She

modeled and traveled for NEARLY ME® Products for 20 years, became a Certified Mastectomy Fitter and has always worn NEARLY ME® Breast Forms. She believes "God has been on my side."

Jocelyn is a grateful 15 year breast cancer survivor. She loves working with and encouraging others on their way to living as a survivor. She is truly a "people person" and is a "Reach for Recovery" volunteer. She is a mother of 2, works for the Waco Center for Youth and in her spare time enjoys crossword puzzles, playing scrabble, reading, writing, collecting recipes, singing in the church choir and being inspired.

Specialty Breast Forms

- NEARLY ME® Swim Form Collection..... 27

NEARLY ME® breast forms come in several shapes, projections (profiles) as well as different weights and softnesses. Each style has been designed to help replace tissue lost after various breast surgeries while helping to match the remaining natural breast. Consider the following characteristics when choosing a form for your customer.

Form Style

- Asymmetrical forms fit only the right or the left side of the body and often give a more precise fit.
- Symmetrical forms (triangles, ovals, butterfly shapes) fit either side of the body. The oval and butterfly shapes can be turned in various directions for best fit. The triangles are only worn one way.

Weight

- Standard weight silicone gel...closest in weight to natural body tissue.
- Lightweight silicone gel...25% lighter in weight than standard silicone gel.
- Extra lightweight silicone gel... 35% lighter in weight than the standard silicone.
- Ultra lightweight forms in design are 40% lighter in weight than similar standard weight forms.

Skin Tones

The majority of our breast forms come in beige and soft sable

Back Shape

- A contoured form is curved to the chest wall and rib cage and fits around the chest for a secure and natural fit.
- A concave form has flat edges yet slightly concave to fit against flat surgical surfaces or where the surgical site does not curve under the arm.

Full

Front Profiles

- Available in full, semi-full or modified profiles (projection) which relate to the depth or thickness of each style.
- A full front profile is fuller over all and recommended for a full figured woman with a firm round natural breast after a modified radical or radical mastectomy.
- A semi-full & tapered profile is slightly shallower and thinner at the top. Recommended for the average figured woman after a simple or modified radical mastectomy.
- A modified profile is shallower in total depth and recommended if more remaining tissue is left under the arm or on the front of the chest. Also for women who have small natural breasts.

Semi-full

Modified

Also, when choosing the right style & size form for your customer, consider the softness, the weight and drape of the remaining natural breast, the remaining natural tissue left on the surgical side and the type of surgery that the woman has had.

All numerically sized breast forms are easy to fit. Use the following Sizing Guide to help choose an initial size for your customer. The size of the form is dependent on the measured bra size and the indicated sizes are ONLY A GUIDELINE.

Prostheses Sizing Guide:

Cup Size	32 (70)	34 (75)	36 (80)	38 (85)	40 (90)	42 (95)	44 (100)	46 (105)	48 (110)	50 (115)

*The SO-SOFT® Classic and the NEARLY ME CASUAL® Classic asymmetrical forms are sized by bra sizes, ie. 34B, 36C etc. See the separate chart for those sizes.

NEARLY ME® Equalizing Forms

Main Features

Specifically designed partial breast forms made in a variety of shapes and thicknesses in standard weight silicone. Each is covered in a thin resilient polyurethane film for a life like feel.

Main Benefits

Even after limited breast surgery or reconstruction, women may need additional shaping and weight to help balance their body and align their spine. Standard silicone is the closest to the weight of natural tissue for better body symmetry.

Extra Features

All forms are packaged in convenient storage boxes and available in 2 skin tones, beige and soft sable. Each has a 2 year warranty against manufacturing defects. Cloth covers are not included. There is no specific size chart for partial forms as each woman may need a smaller or larger form depending on how much natural tissue was taken and what remains. All forms are made in the U.S.A.

HCPC code L8030

250 Triangle Equalizer

Shape: Symmetrical, fits R or L
Sizes: 1-10
Front: Shallow profile, thicker in the middle tapering to thin edges
Back: Curved to fit over existing tissue to fill out natural shape

251 Triangle Shell

Shape: Symmetrical, fits R or L
Sizes: 3-10
Front: Same shape as 250 triangle equalizers but very thin over all
Back: Curved to fit over existing tissue to add just enough extra shaping to match remaining natural breast

270 Oval Equalizer

Shape: Symmetrical, fits R or L
Sizes: 1-6
Front: Shallow profile, thicker in the middle tapering to thin edges
Back: Slightly concave to fit over any uneven existing tissue

NEARLY ME® Equalizing Forms

290 Fill Insert

Shape: Symmetrical, fits R or L
Sizes: 1-3
Front: Rounded to fill under or around remaining natural tissue
Back: Contoured with greater thickness on lower edge that tapers to a thinner edge

NEARLY ME® Equalizer Kit

Main Features

Single kit offers a mix of three NEARLY ME® equalizing forms in a selection of best selling sizes. Kit includes 9 forms: sizes 2, 4 and 6 in triangle style 250 and oval style 270; and sizes 3, 5 and 7 in the triangle shell style 251.

Main Benefits

This convenient kit offers a variety of the most popular sizes as fitting stock for your store. Since partial forms can fit so differently than standard full forms, often times it is difficult to know the best style or size partial form for your customer. With this kit, you can use these forms to determine the appropriate size and then order the best size and style for your customer.

Extra Features

These partial forms come in a durable fabric case with storage tray. Kits are available in 2 skin tones, beige or soft sable. Specify which color when ordering. Cases have handles so they can be easily carried for in home fitting purposes. All forms are made in the U.S.A.

Available in
all beige or all
soft sable skin
tone

NEARLY ME® Extra Lightweight Forms with Flowable Gel Backs

New
Matte Finish

Main Features

30% lighter in weight than standard silicone with a soft matte finish on the outer film and a clear flowable silicone gel back.

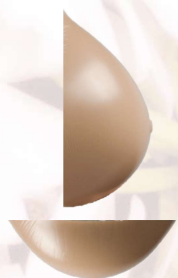

Main Benefits

The best fitting extra lightweight form for an uneven chest wall. Soft silicone gel back layer moves and flows across chest wall for full contact against the body for a better fit, added security and a natural profile.

Extra Features

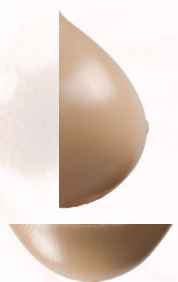

Each form is packaged in a convenient storage case and includes an optional cloth comfort cover. Forms are available in 2 skin tones, beige and soft sable (special order). 2 year warranty against manufacturing defects. Made in the U.S.A.

HCPC code L8030

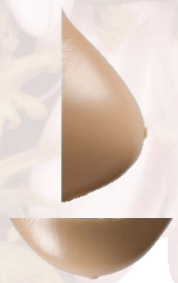

355 Butterfly

Shape: Symmetrical, fits R or L
 Sizes: 1-10
 Front: Full profile with nipple
 Back: Flat edge with flowable contouring gel back

365 Full Oval

Shape: Symmetrical, fits R or L
 Sizes: 1-10
 Front: Full profile with nipple
 Back: Flat edge with flowable contouring gel back

375 Semi-full Triangle

Shape: Symmetrical, fits R or L
 Sizes: 1-14
 Front: Semi-full profile with nipple
 Back: Flat edge with flowable contouring gel back

NEARLY Me LITES® Lightweight Forms

Main Features

25% lighter in weight than standard silicone with a soft matte finish on the outer film and ultra soft feel.

Main Benefits

Often the best weight for many women because standard silicone may be too heavy to match the denseness of their natural breast and extra light weight forms may be too light for younger women with firmer breasts. Lighter weight may help reduce back and neck strain.

Extra Features

Each form is packaged in a convenient storage case and includes an optional cloth comfort cover. Available in beige and soft sable (special order) skin tones. 2 year warranty against manufacturing defects and made in the U.S.A.

HCPC code L8030

New
Matte Finish

245 Full Oval

Shape: Symmetrical, fits R or L
 Sizes: 1-10
 Front: Full profile with nipple
 Back: Flat edge and slightly contoured to fit against the chest

265 Full Triangle

Shape: Symmetrical, fits R or L
 Sizes: 1-12
 Front: Full profile with nipple
 Back: Curved to fit the chest

385 Semi-full Triangle

Shape: Symmetrical, fits R or L
 Sizes: 1-14
 Front: Semi-full profile with nipple
 Back: Flat edge and slightly contoured to fit against the chest

785 Tapered Triangle

Shape: Symmetrical, fits R or L
 Sizes: 1-12
 Front: Semi-full profile with nipple
 Back: Curved to fit the chest

775 Tapered Oval

Shape: Symmetrical, fits R or L
 Sizes: 1-14
 Front: Semi-full profile with nipple
 Back: Flat edge and slightly contoured to fit against the chest

795 Butterfly

Shape: Symmetrical, fits R or L
 Sizes: 1-10
 Front: Full profile with nipple
 Back: Flat edge and slightly contoured to fit against the chest

NEARLY Me EXTRA LITES™ Extra Lightweight Forms

Main Features

Three popular silicone breast form styles that are 35% lighter in weight than standard silicone with a supple highly resilient outer film for a softer natural feel.

Main Benefits

For those women that need an extra lightweight form because standard or even lightweight silicone is too heavy to help balance their remaining natural breast. The soft supple outer film feels natural and allows the form to easily conform to any bra cup. This lighter weight may help reduce the potential of back and neck strain for some women.

Extra Features

Each form comes in a convenient storage box and includes an optional cloth comfort cover. Forms are available in 2 skin tones, beige and soft sable (special order). Each has a 2 year warranty against manufacturing defects. Made in the U.S.A.

HCPC code L8030

315 Oval

Shape: Symmetrical, fits R or L
Sizes: 1-14
Front: Semi-full profile with nipple
Back: Flat edge and slightly contoured to fit against the chest

335 Classic

Shape: Asymmetrical, fits ONLY a R or L
Sizes: 1-10
Front: Full profile with nipple
Back: Curved to fit the chest

395 Semi-full Triangle

Shape: Symmetrical, fits R or L
Sizes: 1-16
Front: Semi-full profile with nipple
Back: Flat edge and slightly contoured to fit against the chest

SUPER SOFT® Ultra Lightweight Forms

Main Features

Three new breast form styles made with the softest silicone formulation possible. These new forms are also ultra lightweight and are 40% lighter than standard silicone forms in comparable styles. Each form is encapsulated in a supple, highly resilient outer polyurethane film and designed without a centered nipple.

Main Benefits

These forms are ultra light in weight for women who must have the lightest weight form possible due to age or other physical issues. The Super Soft® silicone formulation feels and “drapes” like a mature breast offering the most natural look possible in a bra.

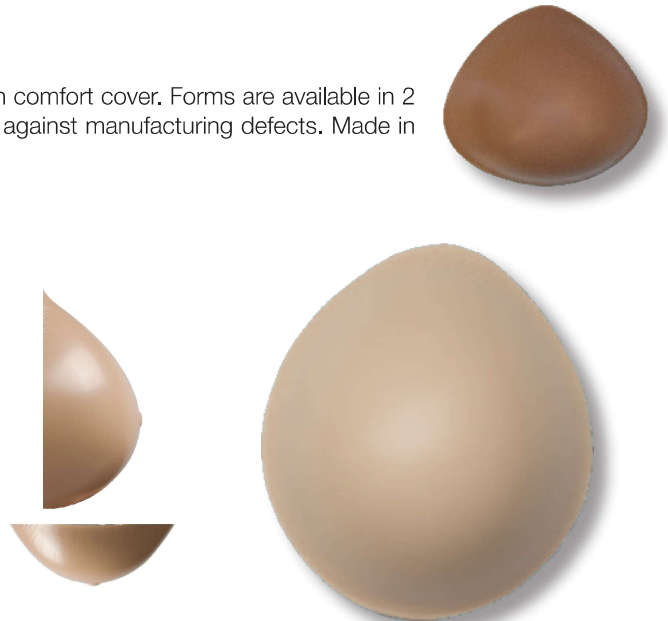

Extra Features

Each form comes in a convenient storage box and includes an optional cloth comfort cover. Forms are available in 2 skin tones, beige and soft sable (special order). Each has a 2 year warranty against manufacturing defects. Made in the U.S.A.

HCPC code L8030

975 Modified Full Oval

Shape: Symmetrical, fits R or L
Sizes: 1-10
Front: Full profile with no nipple
Back: Flat edge and slightly contoured to fit against the chest

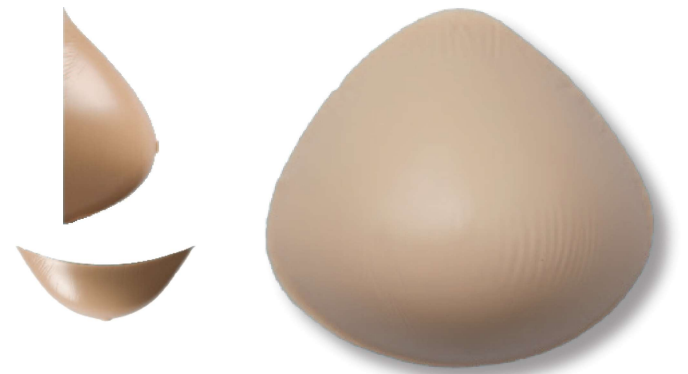

985 Full Triangle

Shape: Symmetrical, fits R or L
Sizes: 1-12
Front: Full profile with no nipple
Back: Curved to the chest

995 Semi-full Triangle

Shape: Symmetrical, fits R or L
Sizes: 1-14
Front: Semi-full profile with no nipple
Back: Curved to the chest

NEARLY ME BASIC® Economical Breast Forms

Main Features

All silicone breast forms encapsulated in a highly durable outer polyurethane film. Basic oval and triangle styles available in standard weight and extra lightweight (35%) silicone gel. Forms are available in two skin tones, beige and soft sable (special order).

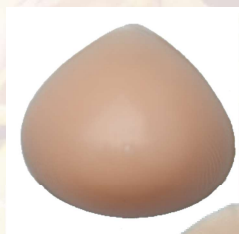

Main Benefits

Durable low cost alternative to the finer, more natural feeling NEARLY ME® Silicone Breast Forms. These forms are basic shapes that fit more modified surgeries and are available in two weights, standard weight and extra lightweight, to accommodate a broad range of customers.

Extra Features

Each form comes in a convenient storage box and tray. Available in 2 skin tones, beige and soft sable (special order) and 2 weights, standard and lightweight (35% lighter than standard weight). Each has a 2 year warranty against manufacturing defects. Comfort covers are not included with these forms but can be ordered separately. Made in the U.S.A.

HCPC code L8030

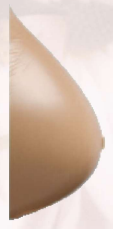

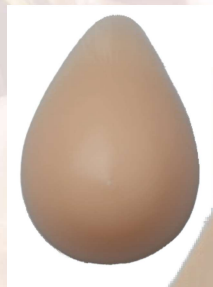

860 Standard Weight Modified Triangle

Shape: Symmetrical, fits R or L
Sizes: 1-12
Front: Modified and shallow profile with nipple
Back: Curved to fit the chest

865 Lightweight Modified Triangle

Shape: Symmetrical, fits R or L
Sizes: 1-12
Front: Modified and shallow profile with nipple
Back: Curved to fit the chest

870 Standard Weight Tapered Oval

Shape: Symmetrical, fits R or L
Sizes: 1-14
Front: Semi-full profile with nipple
Back: Flat and slightly contoured

875 Lightweight Tapered Oval

Shape: Symmetrical, fits R or L
Sizes: 1-14
Front: Semi-full profile with nipple
Back: Flat and slightly contoured

NEARLY ME® SO-SOFT® Special Order Breast Forms

Main Features

Original NEARLY ME® Full Breast Forms in standard weight silicone encapsulated in a soft polyurethane film. These three styles are large full forms for women who need the additional weight and size to fit their figures and to fit the type of breast surgery that they have had.

Main Benefits

Standard weight silicone gel was the first soft lifelike material that came the closest in weight and texture to natural tissue. It was the perfect material for breast prostheses. These forms may still be the best weight and feel for younger or larger busted women with a firm full remaining natural breast.

Extra Features

Each form comes in a convenient storage box and tray. Available in 2 skin tones, beige and soft sable. Both colors and all styles are special order only. Each has a 2 year warranty against manufacturing defects. Each form comes with an optional cloth comfort covers. Made in the U.S.A.

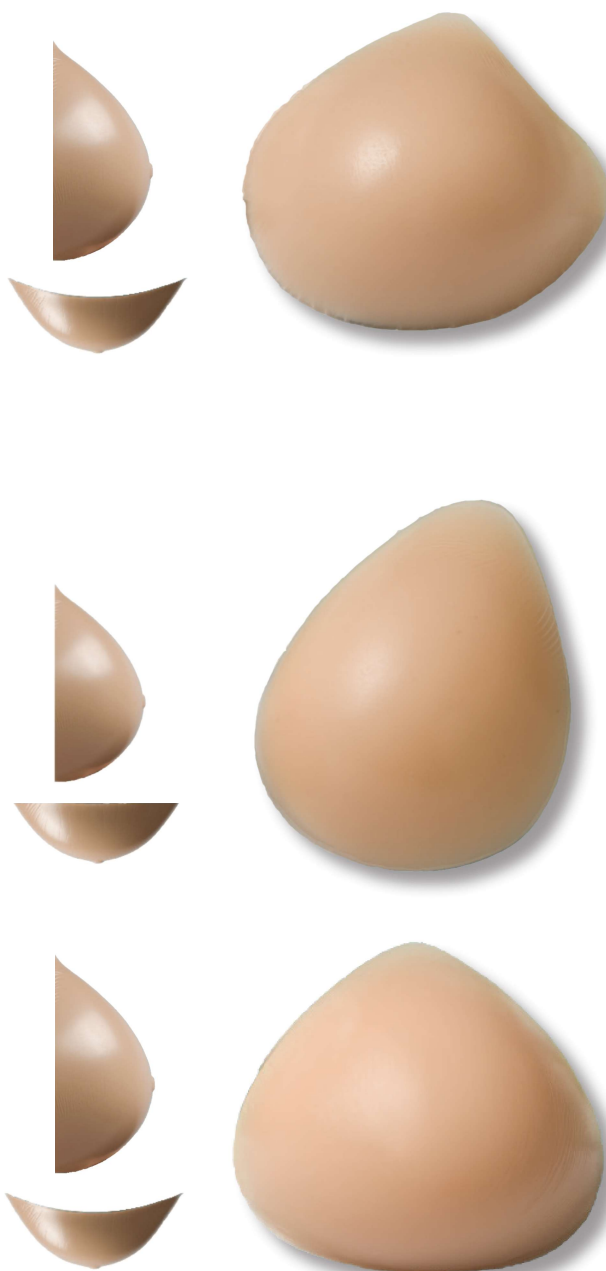

HCPC code L8030

230 Full Classic

Shape: Asymmetrical, fits ONLY a R or L
 Sizes: Bra sizes, 30A through 42DD *See separate size chart below*
 Front: Full profile with no nipple
 Back: Curved to fit against the chest wall

 Front: Full profile with no nipple
 Back: Flat outer edge with concave center

260 Full Triangle

Shape: Symmetrical, fits R or L
 Sizes: 1-12
 Front: Full profile with no nipple
 Back: Curved to fit the chest wall

NEARLY ME® SO-SOFT® Special Order Breast Forms

Main Features

NEARLY ME® Semi-full Triangle Breast Forms come in standard weight silicone encapsulated in a soft polyurethane film. Available in 2 styles with and without an internal nipple.

Main Benefits

Standard weight silicone gel was the first soft lifelike material that came the closest in weight and texture to natural tissue. It was the perfect material for breast prosthetics. These forms may still be the best weight and feel for younger women with a firm full remaining natural breast.

Extra Features

Each form comes in a convenient storage box and tray. Available in 2 skin tones, beige and soft sable. Both styles and colors are special order and each has a 2 year warranty against manufacturing defects. Each form comes with a cloth comfort cover. Made in the U.S.A.

HCPC code L8030

370 Standard Weight Semi-full Triangle

Shape:	Symmetrical, fits R or L
Sizes:	1-14
Front:	Semi-full profile with nipple
Back:	Flat outer edge with concave center to reduce weight

390 Standard Weight Semi-full Triangle with internal nipple

Shape:	Symmetrical, fits R or L
Sizes:	1-12
Front:	Semi-full profile with internal nipple
Back:	Flat outer edge with concave center to reduce weight

NEARLY Me® FREESTYLE® Athletic Breast Forms

Main Features

Three versatile breast form styles designed for swimsuits and other sports wear. All styles come in clear transparent silicone for a soft natural feel and are encapsulated in a resilient polyurethane film.

Main Benefits

Clear silicone allows these forms to be unnoticeable under a variety of fabrics or in the water. Each form's shape blends with the body for a smooth fit under a variety of garments. Each form is slightly concave to help reduce the weight and the more durable polyurethane film helps reduce punctures or tears.

Extra Features

Each form is packaged in a convenient carrying bag so they can be easily taken to a gym or spa. All styles have a 1 year warranty against manufacturing defects and are made in the U.S.A.

320 Semi-round Oval

Shape: Symmetrical semi-round, fits R or L

380 Semi-full Triangle

Shape: Symmetrical, fits R or L
Sizes: 1-12
Front: Semi-full profile with nipple
Back: Flat outer edge with concave center to reduce weight

Today's mastectomees...

Neecie feels blessed that she is a 14 year survivor of stage 2 breast cancer. She sees it as a "gift". At 67 she is busy enjoying life with her husband of 49 years. She has 2 married daughters and 5 grandchildren and loves being involved with her church and bible study groups. Her special project is making pink ribbon fleece tie blankets for cancer survivors. "Life is great" she says and "I can do all things through Christ who strengthens me" Phillippians 4:13.

Brenda's journey began July 28th 2012 when she found a lump in her right breast while showering. She received the diagnosis of Stage 3 Triple Negative breast cancer on Aug 17th. She began the process of panic, anger, resolution, and then determination to fight and win. She had a mastectomy on Sept 10th with chemotherapy every other week that ended on Jan 23rd 2013. Then 36 radiation treatments. She says "I am so very fortunate that I have

a wonderful husband and a now 15 year old boy that loved and supported me thru this fight and continue to support my battle. My friends, family, and support team including Nearly Me Technologies, make each day of survival a blessing."

NEARLY ME® FITTING ACCESSORIES

- Nipple prostheses..... Page 29
- Attachable strips and discs..... 29
- Silicone shoulder pads..... 29
- Silicone scar treatment sheets..... 29

- Foam adjustment pads..... 30
- Breast form covers 30
- Sew-in pockets..... 30
- Breast form cleaning kit..... 30
- Breast form storage/travel cases..... 30

NEARLY ME® Attachable Nipple Prostheses

- Available in 2 styles, basic and “natural looking”
- Both styles require no adhesive and are self adhering
- Both styles fits on any silicone breast form
- Can be worn on natural breast and reconstructed breast
- 100% soft molded silicone
- Washable and reusable
- Made in the U.S.A.

Sizes: Basic style 1½” diameter (small) & 2” diameter (large)
Natural style 1¾” diameter

Colors: Tan & soft sable in each

NEARLY ME® Silicone Security Strips & Discs

- Thin silicone strips & circular discs help hold silicone breast forms, partials and shells in place when wearing forms directly against the skin.
- A quick, easy way to secure forms to the body that is gentle to skin as well as the forms
- Strips & discs are self adhesive and leave no residue on form or the body
- Each conforms to the chest wall and peels off easily after use
- All are washable and reusable (*see cleanser on page 30*)
- Made in the U.S.A.
- 99% silicone elastomer, 1% film liner

Sizes: 1” x 4”, 3 strips/bag;
Large discs-2½” diam, 2/bag;
Small discs-1¾” diam, 4/bag

NEARLY ME® Silicone Shoulder Pads

- Add comfort to any bra
- Silicone gel pad reduces strap pressure, friction and underwire irritation
- Soft, comfortable and adhere to the body, not to the strap
- Silicone gel is bonded to spun non-woven polyester
- One size only, 2” x 3 “
- Washable and reusable
- Made in the U.S.A.

NEARLY ME® RETOUCH® Silicone Scar Reduction Sheets

- Flexible adherent silicone sheets soften and flatten raised scar areas caused by surgery, burns or cuts
- Conform to the body for more effective coverage and can be cut to any shape
- Washable & reusable for months of applications
- Use on old and new scars and once the scar is changed it will not change back
- Made in the U.S.A
- 96% clear silicone, 3% nylon spandex, 1% polyurethane

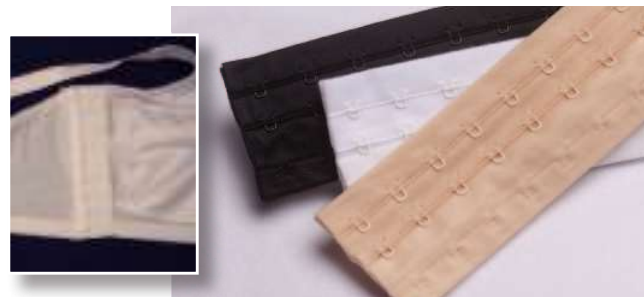

Sizes: Multiple convenient sizes available *Ask your Account Manager for more details*

NEARLY ME® Hook & Eye Rolls

- Hooks & eyes in a 36” roll can be cut in whatever length is needed
- Can be sewn into the side seams of bras to extend the band size of most bras
- Each strip has 3 “eye” rows and a separate strip of hooks

Colors: White, beige and black

NEARLY ME® Foam Fitting Pads

- Stretch cotton cover over molded polyurethane foam
- Variety of classic, triangle and oval shapes in flat and contoured styles
- Pads can be placed behind any form to add depth without adding weight
- Washable, reusable and durable
- Can be attached to forms with adhesive discs *see below*
- Made in the U.S.A.

NEARLY ME® Adhesive Discs

- Helps hold foam pads in place against forms
- Flexible double-sided tape circles for a multitude of purposes
- Tape is a conformable, thin polyurethane film with a medical grade adhesive
- Easy to apply and will not harm forms or fabrics
- Available in 3 quantities; 30, 60 and 90 pieces per bag
- Made in the U.S.A.

Sizes: Circle shape -2" diameter

NEARLY ME® Comfort Covers

- Stretch nylon & cotton covers are available if a woman wishes to have several on hand
- Covers are made of nylon spandex/cotton and come in a variety of sizes and shapes to fit all NEARLY ME® silicone breast forms

Colors: Available in 2 colors, beige & soft sable

NEARLY ME® READY POCKET™ Cup Liner

- NEARLY ME® READY POCKET™ Cup Liners are pre-cut stretch cotton fabric pieces that can be sewn into any fashion bra to create a pocket for a breast form
- Liners have a tuckable edge to help keep form in place
- Great for swimsuits
- Polyester & spandex

Sizes: 6 sizes to fit various bra cups

Colors: White, beige and black

NEARLY ME® Cleaning Kit for Silicone Breast Forms

- Convenient kit with nonabrasive cleanser and soft brush to gently clean silicone forms
- Comes in small resealable bag
- Cleanser comes in 1 ounce plastic bottle with an easy pour spout.

NEARLY ME® Breast Form Storage Cases

- Convenient discreet nylon case for storing breast forms at home or when traveling
- Comes without styrene insert so customer can use the original insert from their original boxed form
- Additional styrene inserts are available but form style and size must be specified when ordering
- Each case has a collapsable handle for easy storage

Sizes: 3 sizes fit the standard NEARLY ME® box sizes

Color: Khaki
