WHEN IT COMES  
TO HOW YOU  
SPEND YOUR BUDGET

# think

of the ramifications

WE ALL MAKE CHOICES EVERY DAY AND EVERY DOLLAR MATTERS. BUT WE KNOW FROM BALANCING COSTS IN OUR OWN LIVES, THAT SOME THINGS ARE NOT WORTH COMPROMISING.

FOR MORE THAN 50 YEARS HEALTHCARE PRACTITIONERS HAVE BEEN ABLE TO COUNT ON DALE. WHEN YOU USE DALE PRODUCTS, YOU NEVER HAVE TO WONDER - THEY JUST WORK.

WHEN YOU CHOOSE DALE YOU'RE CHOOSING A COMMITMENT TO QUALITY AND PATIENT SATISFACTION, WHILE LIMITING THE LIKELIHOOD OF INFERIOR PRODUCTS CAUSING PROBLEMS THAT WILL ULTIMATELY ADD COST.

SO NEXT TIME YOU'RE THINKING ABOUT  
HOW TO SPEND YOUR BUDGET, THINK DALE.

# DALE® HOLD-N-PLACE® FOLEY CATHETER HOLDERS

Dale Hold-n-Place® Foley Catheter Holders stabilize the indwelling catheter, reducing the likelihood of traumatic removal, without restricting patient's movement or irritating the skin. All Dale Hold-n-Place® Foley Catheter Holders feature patented locking systems that securely anchor the catheter in place, reducing the risk of urethral erosion, bladder spasms and trauma.

- The leg band, made entirely of soft stretch material, distributes compression evenly around the thigh to minimize circumferential pressure. Ideal for long-term catheterization.
- The adhesive patch, with a skin-friendly adhesive base, is ideal for short-term catheterized patients.

- The locking devices speed up application and simplify adjustment.
- The holders can be used with equal effectiveness on all Foley catheters including Teflon, silver and silicone coated catheters.
- Leg band/waist band ideal for bariatric patients.

Product Number	Size	Quantity
H84103161	Leg Band, fits up to 76cm(30")	10 per box
H84103301	Leg Band/Waist Band Fits up to 142cm(56")	10 per box
H84101501	Adhesive Patch, One size fits all	50 per box

# DALE® NASOGASTRIC TUBE HOLDER

Ideal for holding most nasogastric tubes, including nasoenteric, Salem Sump®, and Levin stomach tubes.

- Skin-friendly adhesive stays in place for up to 3 days, yet is easy to remove.
- Breathable material.
- Unique dual interlocking tabs spiral around the nasogastric tube for superior tube security.

- Non-adherent plastic tips on both tabs make tube removal safer and easier, especially when donning gloves.
- Single patient use only.
- No scissors required.

Product Number	Size	Quantity
H84101601	Large / Adult	50 per box
H84101611	Small / Young Adult / Pediatric / Geriatric	50 per box

# DALE® IV-ARMOR™

Dale's IV-ARMOR minimizes line occlusions caused by patient movement without needing a stiff immobilizing device. The flexible protective overlay is the ideal way to maximize IV patency while protecting the site from patient tampering.

- IV-ARMOR reduces the introduction of infection associated with IV reinsertion.

- Reduces risk of catheter kinking in a bend such as a wrist or elbow
- Reduces risk of catheter movement in an area of bony prominence, such as back of hand or forearm
- Skin friendly adhesive

Product Number	Size	Quantity
H84106751	One size fits most	10 per box

**NEW  
OCT. 2014**

## DALE® BENDABLE ARMBOARD

Allows the hand and wrist to maintain their natural position while securely and comfortably preventing catheter movement.

- Bendable inner core can be custom shaped to desired position – Enables clinician to hyperextend patient's wrist for pronounced radial artery exposure, trouble-free insertion and line integrity.
- Adjustable hook & loop closures provide comfortable, snug fit.

- Soft, plush lining enhances patient comfort.
- Four convenient sizes.
- MR Conditional

Product Number	Size	Quantity
H84106501	Large, 23cm x 12cm (9" x 4¾")	10 per box
H84106511	Medium, 14cm x 8cm (5½" x 3")	10 per box
H84106521	Small, 11.4cm x 4cm (4½" x 1¾")	10 per box
H84106531	X-Small, 10.8cm x 2.5cm (4¼" x 1")	10 per box

## DALE® TRANSDUCER HOLDER

A level and secure platform for up to three transducers. Stability ensures correct waveform readings and corresponding numerical display.

- Platform conforms to patient's arm.
- Soft, comfortable material with adjustable hook and loop closures.

- Three holding tabs reduce the time associated with manual re-leveling and taping individual transducers to the patient's chest, arm, or mounting on the bedside pole.
- Increases organization and security of hemodynamic catheters during transportation.

Product Number	Size	Quantity
H84106201	One size fits most	10 per box

## DALE® ACE (ACCESS CONTROLLER FOR ENTERAL) CONNECTOR®

100% closed system universal connector provides in-line feeding, access for checking gastric residuals, suctioning, irrigation, and medication delivery, reducing the risk of potentially infectious splash back and cross-contamination.

- Intuitive On/Off handle with built in positive positions.
- Connects to most feeding, OG, NG, suction and other stomach tubes.\*(including PEG tubes)

- Long lasting silicone adapter accepts all enteral feeding sets and bolus syringes with catheter tip.
- Removable silicone adapter. Also permits connection to suction drainage tubing if adapter is not available.
- Automatic syringe port seal eliminates splash back.
- Accepts most catheter-tipped syringes.
- DEHP Free

Product Number	Size	Quantity
H84104751	One size fits most tubes/syringes	50 per box

\*Misconnection Prevention Safety Feature. Designed to physically prevent the administration of enteral formula into any IV line. Incompatible with Luer connectors. Meets ANSI/AAMI ID 54:1996(R)2012 standard.

# DALE STABILOCK ENDOTRACHEAL TUBE HOLDER

A fast and easy way to secure endotracheal tubes and help prevent accidental extubation.

- Cushioned neck band is soft and comfortable on the face and neck.
- Skin-friendly adhesive can be left in place up to 3 days.
- Tubing channel is made of lightweight, flexible material to securely hold the endotracheal tube.

- Hook & loop closures provide a secure fit.
- Easy repositioning reduces risk of skin and lip ulcerations.
- Easy access for oral care.

Product Number	Size	Quantity
H84102701	Fits endotracheal tube sizes 7.0-10.0mm	10 per box
H84102731	Adhesive base	10 per box

# DALE® TRACHEOSTOMY TUBE HOLDERS

Designed to provide secure positioning and minimize movement of the tracheostomy tube. Unnecessary movement of the trach tube can result in accidental dislodgement or displacement of the tube, tracheal fistula, tracheal stenosis, or airway granuloma.

- Eliminates the frustrations associated with twill ties and other holders while minimizing secondary complications.

- A portion of the stretch material allows for cough reflex, accommodates edema and ensures a snug fit without compromising security. \*240 Blue® only.
- Exclusive moisture repellent neck band lining reduces the risk of skin breakdown.
- Fastener tabs quickly and easily attach to the tracheostomy tube.

Product Number	Size	Quantity
H84102401	240 Blue® 1" wide band, fits up to 49.5cm(19.5") neck	10 per box
H84102411	241 PediPrints® 1" wide band, fits up to 46cm(18") neck	10 per box
H84102421	242 PediPrints® ¾" wide band, fits up to 23cm(9") neck	10 per box
H84102441	244 Blue™ for bariatric patients 1½" wide band, fits up to 71cm(28") neck	10 per box

## DALE® ABDOMINAL BINDERS WITH EASYGRIP™ STRIP

The only binders clinically shown to expedite the return of pulmonary function after open abdominal surgery while encouraging patients to ambulate sooner. Available in sizes up to 94" long and in widths up to 15".

- Exclusive stretch material provides full, all-around compression.

- Hook & loop closure secures at any point along the binder circumference.
- Promotes mobility and lessens the chance of sedentary complications.
- New EasyGrip™ Strip holds up to four 100cc drainage bulbs for easier monitoring and changing.

Product Number	Size	Quantity
H84104101	9" wide, stretches to fit 76-114cm(30-45")	1 per box
H84104111	9" wide, stretches to fit 117-157cm(46-62")	1 per box
H84104181	9" wide, stretches to fit 152-191cm(60-75")	1 per box
H84108101	12" wide, stretches to fit 76-114cm(30-45")	1 per box
H84108111	12" wide, stretches to fit 117-157cm(46-62")	1 per box
H84108181	12" wide, stretches to fit 152-191cm(60-75")	1 per box
H84108201	12" wide, stretches to fit 183-239cm(72-94")	1 per box
H84109201	15" wide, stretches to fit 183-239cm(72-94")	1 per box

## DALE® POST-SURGICAL BRA

The support and compression patients need immediately following breast surgery. Soft, breathable fabric stretches to accommodate edema without binding or irritating sensitive tissue.

- Front hook & loop closure facilitates inspection of the surgical site and dressing changes.
- Ideal for use during radiation treatment.

- Can be worn alone or can be used to hold surgical dressings in place without tape.
- Indicated for use after a wide range of surgical procedures: Reduction, reconstruction, lift, augmentation, mastectomy, lumpectomy, biopsy, and fine needle aspiration.

Product Number	Size	Quantity
H84107021	Medium, fits B-D 86-92cm(34-36")	1 per box
H84107031	Large, fits B-D 92-97cm(36-38")	1 per box
H84107041	X-Large, fits B-D 97-112cm(38-44")	1 per box
H84107051	XX-Large, fits C-E 117-137cm(46-54")	1 per box

## DALE® NASAL DRESSING HOLDER

Replaces adhesive tape to hold nasal dressings in place following rhinoplasty, septoplasty, sinus surgery, facial trauma and nose bleeds. Clear plastic dressing holder is secured by ear loops. Hook and loop fastener tabs can be infinitely adjusted to fit any patient comfortably.

- Soft moisture repellent material adds to comfort.

- Plastic center section holds dressings in place without absorbing secretions.
- Easy to remove and replace, making dressing changes simple and painless.

Product Number	Size	Quantity
H84106001	One size fits most	10 per box

## QUALITY PRODUCTS

Dale products are designed to help the healing process, reduce skin irritation and save nursing time. Manufactured to rigorous standards, Dale products contain only the highest quality, not made with natural rubber latex materials, ensuring unparalleled durability and optimal patient comfort.

## PROFESSIONAL GROWTH

Dale offers programs and services designed to enhance professional growth and support you in providing the highest level of patient care.

- CEU accredited seminars.
- In-service training available by Dale Representatives.
- Sponsorship & support of regional and national associations and professional societies.
- In-service training videos available at [www.dalemed.com](http://www.dalemed.com)

## THE IDEA PARTNERSHIP

Like any good partnership, we want to hear what you have to say. If you do have thoughts on making a patient care product better we'd like to hear about it.

If you have an idea for a new product, we'd like to hear about that, too. If anything, we can help you better understand the process of what to do next to protect your idea.

## NURSING EDUCATION

Perspectives is committed to providing timely, relevant, and accredited educational information for nursing and respiratory therapy.

- Articles focus on the continuum of care from surgery and critical care to transitional care and home.
- Perspectives is highly regarded and well recognized for delivering pertinent and pragmatic information that helps nursing and respiratory therapy maximize outcomes and patient satisfaction.
